

October 14-18, 2024, Orlando

Industrial AI | Service AI | Asset AI

We're thrilled to host the 2024 Poka User Conference IN-PERSON as part of IFS Unleashed! This 3-day event includes over 75 keynotes, thought leadership sessions and training opportunities, all focused on Industrial AI, Asset AI and of course, the Connected Factory Worker.

The dedicated Poka User Conference agenda will feature 8 presentations from the user community, deep-dive product sessions and updates on how we're growing to better support you.

Three days of invaluable networking and learning from peers in the Poka user community.

An opportunity to learn more about IFS Cloud, smart factory and asset management solutions.

Insight into Poka's product vision and roadmap, and an opportunity to test drive the latest innovations including AI, AR and more.

Inspiring keynotes that transcend conventional thinking.

Poka Impact Award

At the 2024 Poka User Conference, we will showcase and celebrate the companies and factories that are bringing real transformation to their operations with Poka. The Poka Impact Award will recognize the project and presentation that most clearly demonstrates a correlation between a Poka use case(s) and strategic objectives. Judged by you, the user community attendees at the conference, the Poka Impact Award sets the standard for excellence and serves as a beacon of inspiration for the future of industrial work.
